Experience & Projects

Software Engineer — Auksilyo Professionals

Jan 2025 – Jun 2026 (6 months)

- Developed a .NET application for Sargent and Greenleaf using .NET, Angular, and SQL Express.
- Collaborated with cross-functional teams to deliver secure and scalable solutions.

PHP Programmer — Proweaver Inc. June 2025 – Present

- **KD Sports USA:** Built an e-commerce platform with WooCommerce, WordPress, and MySQL, enabling product management and online shopping.
- **Purity Tutoring Services Portal:** Designed an online tutoring system for NCLEX nursing exam prep using Laravel, Vue.js, and MySQL, including authentication, student accounts, and course registration.
- **PetsNeedMeds:** Migrated data from PrestaShop to WooCommerce, ensuring seamless transfer of product catalogs, customer records, and order history. Implemented PHP, WordPress, and MySQL integrations to stabilize the new e-commerce system.
- **AyCare Service Portal:** Built a Laravel + Vue.js portal for developmental disability care services, including authentication, user dashboards, and service management.
- **SamahCare Portal:** Developed a healthcare portal using CodeIgniter 4, implementing patient management and service workflows.
- **MassBay AFC Caregiver Portal (MLU Portal):** Designed and implemented a caregiver management portal using Laravel, Vue.js, and MySQL, supporting secure login, caregiver workflows, and data management.
